Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Thursday 04 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy with outbreaks of light rain later.

Today:
A largely cloudy day, with the chance of some isolated morning fog patches. Perhaps a few hazy sunny spells before a band of showery light rain moves south later. Maximum temperature 7 deg C (45 deg F).

Tonight:
During the evening outbreaks of patchy light rain clears the south of the region with clear spells developing widely. A cold night with a frost. Minimum temperature -2 deg C (28 deg F).

Friday:
A cold and frosty morning with plenty of sunny spells throughout the day. Remaining dry for most but with the odd shower possible. Feeling chilly, with an overnight frost. Maximum temperature 7 deg C (45 deg F).

Outlook for Saturday to Monday:
Sunny spells and dry on Saturday. A largely sunny day on Sunday and remaining dry. Turning cloudier into Monday with outbreaks of rain arriving from the west.
